Discovering the tastes of Ibiza

Welcome to one of our top creations!
Discover the **real flavors** of the white island,
those that will last in your mouth and
memory forever!

First Stop

We will visit the most beautiful **botanical garden** in the island: a reference for the Artisan Food Industry.

This family-run business was born from the passion for their land, local plants and artisan work.

Second Stop

Two very special workshops:

The famous **Ibiza herbs Liqueur** with 18 plants taken directly from the botanical garden.

The typical **Ibiza coffee**, where we will discover the secret recipe of this fashionable coffee.

Third Stop

Visit the first family-owned **Olive Oil Mill** producers in the island! They will grant us with a private guided walk around their 8 hectares and more than 2300 olive trees to understand the manual process of elaboration of their extra virgin olive oil.

Delicious **Lunch** will be served right after, in a picturesque scenario... a beautiful restaurant placed in the middle of an olive grove.

The experience will finish with a **delightful tasting** together with more local products. Cheers!
