SOUTHERN AFRICA

OUR STORY

The DMC SA is a new, rebranded business that evolved out of the old **Winners Inbound company**. Winners is a business that focused on incoming MICE business into Southern Africa as well as outbound Incentives and meetings from corporate South Africa to global destinations.

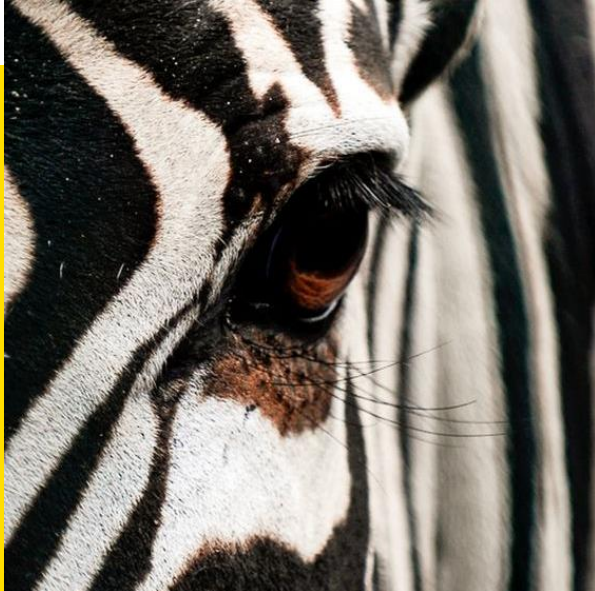

Lockdown allowed us to redefine who we are and create a leaner, more focused Destination Management Curators that is designed to be the market leader in MICE for the Southern African region. We do things better, with more creativity, through technology & innovation, within budget, and with the best team available in the country.

The rebrand has also allowed us to be more selective on what business we take on and focus on bigger events, conferences, and incentives in our market. Our cost structure and the one we will carry forward into a post-COVID world will be lean, super-efficient, and profitable.

If you want to get lost in Africa, escape the ordinary for the extraordinary, overload all your 5 senses, and see things that you never dreamed of, we are your gateway!

Time to start YOUR journey and awaken your 6th sense... AFRICA...
